# FIBER COLLECTIONS

Our Better Earth Fiber Collections are made from natural and compostable fibers.

Our Better Earth Farmer's Fiber Collection is manufactured at a state-of-the-art facility in East Tennessee and starts with a blend of high-yield feedstock crops, including switchgrass, sorghum, miscanthus, as well as other regenerative ag fibers grown in the area by local American farmers.

Our Better Earth Eco-Bamboo Collection is made from naturally renewable and commercially compostable bamboo pulp designed for double-duty: getting your food where it needs to go while helping you meet and exceed your sustainability goals.

ASTM D6400

## HINGED CONTAINERS

6"x6"

9"x6"

9"x9"

SKU	DESCRIPTION	MFG ID	UNITS/CASE
525303	6" x 6" Eco-Bamboo Collection Compostable Fiber Clamshell	BE-FC66EB	500
525311	9" x 6" Farmer's Fiber Colelction Compostable Fiber Clamshell	BE-FC96FF	200
525313	9" x 9" Farmer's Fiber Colelction Compostable Fiber Clamshell	BE-FC99FF	200

Not only is bamboo compostable, but it also releases 30% more oxygen into the atmosphere and absorbs more carbon dioxide compared to other plants, greatly decreasing the amount of greenhouse gases in the atmosphere and simultaneously cleaning the air.

# TABLEWARE

SKU	DESCRIPTION	MFG ID	UNITS/CASE
545710	6" Eco-Bamboo Collection Compostable Round Fiber Plate	BE-FRP6EB	1000
545713	9" Farmer's Fiber Collection Compostable Round Fiber Plate	BE-FRP9FF	500

525411	32oz. Round Eco-bamboo Compostable Fiber Bowl	BE-FRB32EB	400

## WE CHOOSE SUSTAINABILITY

Better Earth is here to help. We provide quality packaging solutions and services to customers around the world that address our industry's most pressing environmental concerns.

But that's only where our work begins.

Through significant investments and deep partnerships, we help strengthen the circular economy by leading sustainability initiatives across our value chain—from the farmers nurturing the fields where our raw materials grow, to the chefs cooking the food our packaging holds, back to the fields commercial composters serve.

**From Field to Food to Field.**
